Update: meeting materials attached

Meeting (Part 2) to discuss Pre-RD Group Data Analysis Approach Kickoff. Discussion will focus on fish tracking/tissue, surface water, sediment traps, and porewater evaluations.

Sean – feel free to forward this on to other EPA team members you want involved in the discussion. Also feel free to suggest alternate times that work better, preferably before 1pm PST if Karl will be involved.

Additional meeting materials will be attached to this invite ahead of the meeting.

Thanks,
Kyle
